

KNOWLEDGE ORGANISER - Seashells Class
Autumn term 1 (2021)

Topic: All about me!

IMPLEMENTATION

Key words I will use and need to know:

Science - Senses, touch, taste, hearing, sight, smell.

Geography - Natural, man-made, human, physical, United Kingdom, Europe, Africa.

Art - Line, shape, thick, thin, light, dark.

RE - God, create(d), Earth, sky, seas, sun, moon.

Maths- Equal, greater, less than, tens and ones.

Key information I will learn:

Science - Identify, name, draw and label the basic parts of the human body and say which part of the body is associated with each sense.

Geography - Understand geographical similarities and differences through studying the human and physical geography of a small area of the United Kingdom, and of a small area in a contrasting non-European country

Art - Selecting tools and materials, using a range of drawing materials (pencil, crayon, etc.) and creating lines of different shape and/or thickness.

RE - How Christians believe the world was made, the story of Creation and why Christians care for the world.

PSHE- Who am I? Who is my family? What do I like? What don't I like?

How I can tell others about me. Recognising feelings and how to respond. Naming parts of the body.

Things to do and find out at home:

Complete in Yellow Home Learning Books (to be handed in at the end of the half term)

(Try and complete at least 3 challenges each half term and practice spellings weekly)

- Look at a photo of a family member when they were younger, how have they changed? Maybe you could label the picture with changes.
- Make hand and foot paintings, could you do some with the other people in your family? Can you put them in height order? Who has the biggest?
- Draw a picture of the people that are special to you. What makes them special?
- Sit quietly in your garden. Can you name something that you can sense, with each of your sense? Maybe you could name/write/draw what you can see, hear, , feel, taste or smell.
- Write some instructions on how to keep your body healthy!
- Where do you live? Do you know your address? Make a model or drawing of your house and practice saying your address.
- Practice counting forwards and backwards 0-10, can you start at a random number?
- Roll a dice and say what is one more/one less than the number you have rolled.
- With someone else- both roll a dice, who rolled the bigger number? Can you represent your number? (through claps, jumps, etc....)

Key Vocabulary

sight

Your eyes let you see all the things around you.

hearing

Your ears let you listen to all the things around you. Your brain is able to tell what different sounds are.

touch

Your skin gives you the sense of touch. You can tell if something is warm, cold, smooth or rough without even looking at it!

taste

Your sense of taste comes from your tongue. You can tell if something tastes bitter or sweet. You might have some tastes you like and some you don't.

smell

You smell using your nose. Your nose can tell if things smell nice or not nice.

Senses

sight

hearing

touch

taste

smell

Parts of the Body
