

As Readers we will be learning to orally retell the story 'The Tiny Seed'. We will look at sequencing a story through the seed's journey and retelling it using our own words and recently introduced vocabulary. Our phonics work will be learning set 1 'special friends' letter sounds and beginning to blend and segment these to read and write simple words.

As Mathematicians we will be using our Maths Snack time to explore different areas of Maths skills... these will include finding one more or one less than a given number, doubling, measuring height and using money to buy items.

As Writers we will begin to use our newly learnt letter sounds to help us write labels and captions. We will have a go at writing our weekly news through our Tuesday Newsday sessions. In addition, we will continue to form our letters correctly and neatly.

As Scientists we will be observing and describing how seeds and bulbs grow into mature plants. We will find out and describe how plants need water, light and a suitable temperature to grow and stay healthy. We will also be learning how to look after our environment and plants and wildlife.

As Artists and Designers we will be looking at the beauty of flowers and creating some observational drawings of real flowers. We will look at the work of famous artists who paint flowers and plants, such as Georgia O'Keeffe, William Morris and Vincent Van Gogh.

As Explorers we will be observing and talking about changes in the weather and the seasons. We will be looking at some different climates around the world and compare polar regions with desert regions.

As Theologians we will be learning that people have different beliefs and that some people follow religions and others do not. We will learn to be able to talk about our own views, whilst respecting the views of our friends.

As Good Citizens we will be learning to understand the importance of listening to other people, to play and work cooperatively and recognising what a good friend looks like. We will explore the ways in which people and families are unique, understanding there has never been and will never be another them.

As Musicians we will be learning to perform The Big Bear Funk, using our voices and instruments. We will begin to develop an understanding of pitch and melody in music.

As Athletes we will be working to develop our balance, agility and co-ordination through our lessons. Our PE lessons will be on a Thursday.

This overview is intended to give you a flavour of what we will be learning this half term. If you recognise any of this 'good learning' at home, please feel free to pop it on Class Dojo. This will help us to recognise the next steps in learning that your child needs to take.
