Computing

Programmable toys
Writing and giving instructions

History

Describing the characteristics of toys
Find out about the toys our parents and grandparents played with
Find out what toys were like at different times in the past
Describe how old and new toys are different and the same

Maths

Number Place Value (to 20)

Addition and Subtraction
(Numbers within 20 and money)

Both three week blocks. Consolidation in week 7.

Enrichment

Real toy collection loan
Toy like me exhibition in the hall

Toys

Autumn Term 2 2020

Beech Class

R.E.

Special Objects

What is the good news that Jesus brings?

Compare own special objects with special religious objects

Art and D.T.

Drawings of an old bear
Design and make a split pin toy
Follow a design to make a puppet

Science

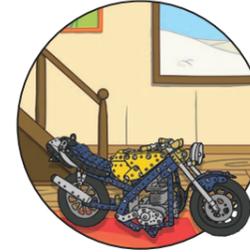

Exploring pushes and pulls with toys
Name, describe and identify the materials toys are made from
Identify and compare the suitability of a variety of everyday materials
Testing the suitability of a variety of everyday materials

Key Facts	
How long have toys existed?	Toys have existed for thousands of years. They were made out of the materials that were available at the time. Even stones and string have been made into toys.
What were toys made of during the Victorian age?	Toys were mainly made of wood, paper and metal during the Victorian age.
What toys did Victorian children play with?	Rich Victorian children played with toys such as clockwork trains, rocking horses, tea sets and dolls. Poorer children played with homemade toys such as peg dolls, wooden boats and rags stuffed with sawdust to make balls or toy animals.
What are modern toys made of?	Modern toys are mainly made of plastic. This is because it is usually safer and easier to make things with.
How are modern toys different?	Many modern toys use electricity to work. Computers and consoles were invented in the 20th century .

dolls

Meccano

teddy bears

board games

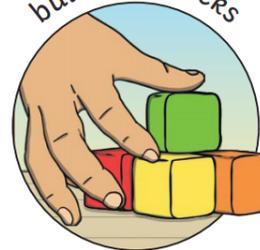

doll house

ball and cup

building blocks

computer games and consoles
